Statement

I appreciate the privilege provided to me by the KCITE membership to serve on the KCITE Board of Direction for the last few years. I have enjoyed my work with the organization in various capacities and I look forward to the opportunity of leading the organization as President of KCITE in 2010.

If elected, the KCITE Board will continue to strengthen our organization by encouraging member involvement in chapter activities, and by providing opportunities to build professional relationships and share technical expertise. Also, the Board will continue to encourage student interaction with the professionals in the transportation industry.
